ABOUT US

Center for Seminars Events and Workshops is part of the Afghan American Institute (CSEW) since its inception from the very beginning. CSEW has been committed to providing the highest quality, needs-based training interventions to its clients in the region and beyond. We are always working towards development and full commitment to excellent service.

Our cultural and social association has developed into one of the leading national seminar centers for a wide spectrum of learning opportunities: management and leadership training on the one hand as well as seminars on cultural and spirituality on the other hand.

ABSTRACT OF OUR TECHNOLOGICAL DETERMINISM

In today's rapidly developing technology oriented environment, enculturation of technology is a necessary per-requisite for community of every type towards their rich possibilities and fulsome potentials as well as their awareness.

We are a diverse and vibrant group of people dedicated to useful change making and to making innovation and technology matters. We are seeking to build for the future to provide our applicants with the support and facilities to learn.

MESSAGE FROM MENTOR FACILITATOR & ORGANIZER

I welcome your interest in the Center for Seminars, Events, and Workshops.. As a person who has founded the idea to socializing and publicizing the Technology and Digital Marketing for the first ever in the history of modern Afghanistan and as someone who has facilitated and trained at the university level both private and governmental for ten years nationally and transnationally. CSEW is a dynamic, student-friendly learning environment. In CSEW, we believe in social responsibility, gender equality, equal rights and opportunities and free prejudice workplace. Our academic programs are in the areas of Information Technology, Psychology, Personality Development, Capacity Building, Capability Building, Teacher Training and Professional Development all of which are

We are committed to provide applicants with opportunities to explore their interest, to discover their passion and develop valuable comparative advantages. Business leaders, entrepreneurs, who are critical thinkers, creative problem-solvers and strong communicators. We can be thankful for the growth in the quality and numbers of students which are more than 5,000 students. And with it, the CSEW has grown to become a widely recognized and respected cultural center in the country.

**ISLAMUDDIN

We firmly believe that offering the most convenient, efficient and competitive services to our applicants, is the best way for that vision to become reality. We are envisioning to be a caring and socially responsible organization that maximizes the potential of individuals and organizations in Afghanistan to attain meaningful carriers, to enjoy enriched lives through globally recognized programs.

CSEW will be a top-ranked, global research center that creates a nurturing

and learning environment for our clients, provides a welcoming and stimulating environment for our friends and supporters, and serves as both a source of pride for our region and a leader in its economic and cultural development.

OUR MISSION

We provide quality needs-based learning programs that are geared towards helping participants achieve their professional and career goals.

We are striving to underpin our desire to create a unity of purpose across Afghanistan and reflect our common aspiration to foster a performance-based culture that is open and innovative. These core values distinguish CSEW over the market for its unique style, and inside the organization itself, for the great sense of belonging to all its clients and members.

CSEW recognizes the following values as central to our success:

Integrity

Student-Centered

Learning-Centered

Diversity

Excellence

Strength

OUR PURPOSE

To power an inclusive future for all

SOCIAL RESPONSIBILITY

Our world is shaped by the expanding capabilities of information technology, which has the potential to create opportunities— or deepen inequalities.

This dynamic defines our purpose: to power an inclusive future for all. We began to develop a framework for how we can fulfill it through our technology, actions, and intentions. there is so much we can do such as followings:

- ✓ Continually updating content and teaching methods in accordance with the latest technology and modern science
- ✓ Responsibility and accountability to students and applicants and maintaining dignity of students and visitors
- ✓ Promoting the spirit of collective work, innovation, competitiveness, self-esteem and free thinking
- ✓ Commitment to Islamic and national principles including Afghan Constitution
- ✓ While respecting national and international languages, it is tried to motivate students to learn
- ✓ Commitment to scientific development with training devoted and expert specialists

OUR APPROACH

Seminars, Trainings, Workshops and short term courses are available seven days a week, 365 days a year. We usually recommend an intensive course but can also offer a more flexible format to suit your schedule. Information Technology is available as an intensive course although the most appropriate formats and learning platforms will be discussed during your diagnostic consultancy. Suitable tailored and published materials will be used throughout the courses, with recommendations on self-study material and extra reading made at the beginning and throughout the duration of the courses.

And More...

ACCULTURALIZATION AND SOCIALIZING THE TECHNOLOGY FOR AN UNPRECEDENTED OF TIMES IN AFGHANISTAN

LEADERSHIP & EXECUTIVE MANAGEMENT

Management's focus is on understanding and delivering requirements of our society, which has been achieved in partnership with our applicants. We are promoting collaboration and /corroboration with universities, including governmental universities and non-governmental universities, organizational and educational institutions.

Our trainers and lecturers are highly capable and are highly educated, trained and capacitated and it is worth mentioning that they have the skills and experiences necessary to teach, train, advice and assist both at the universities and organizational levels.

FAMOUS PUBLIC SPEAKERS

We have the privilege and the distinct honor of having our public speaking and other semi-ary programs conducted by well-known and famous public speakers who are also professionals and have been the founders of public speaking and motivated speeches in Afghanistan which are as follows:

RASULKHAN AMIN

SPEAKER AND UNIVERSITY PROFESSOR

DR. HASIBULLAH ADIB

SPEAKER AND UNIVERSITY PROFESSOR

FOLLOWERS & TESTIMONIALS

Our Certified Entrants and nation-wide recognized apprentices who have also been our proud followers.

We have the honor and the pleasure to have beyond thousand students, Learners, Knowledge Seekers, and Interns being certified and attested.

FOLLOWERS

+5,000

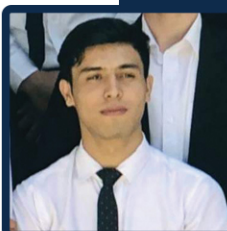

“

One thing that is really interesting is that the trainers do not ask to memorize all things but rather to learn the subject.

Certified Trainee

”

“

I have received a chance to learn about being a responsible student, citizen and team member. I have learned about the value of patience and endeavor. I have unique friends here.
